Benefits of Economic Reforms to the Cooperative Sector

2113. SHRI VEDPRAKASH P. GOYAL: Will the Minister of AGRICULTURE be pleased to state:

(a) whether Indian Cooperative congress has expressed concern over Government's failure to pass on the benefits of economic reforms to the cooperative sector; and

(b) if so, the steps Government propose to take to ensure that cooperative sector also gets its share of benefits accruing from the economic reforms?

THE MINISTER OF AGRICULTURE (SHRI CHATURANAN MISHRA): (a) Yes, Sir.

(b) With a view to creating an environment conducive to the cooperatives to develop as self-reliant, autonomous and democratically managed institutions, the Government has among other things, decided (i) to replace the existing Multi-State cooperative Societies Act, 1984 on the lines of the recommendations of the Ch. Brahm Perkash Committee and Ram Niwas Mirdha committee and (ii) to enuciate a National Policy on Cooperatives. The thrust of the proposed legislation and Policy is to minimise the Government control and interference in the affairs of Cooperatives. However, since the Cooperatives is a State subject, the proposed legislation will be applicable to the Multi-State Cooperative Societies alone. For Societies governed by the State Cooperative Acts, action has to be taken by the respective State Government/legislatures.
